Welcome to the Comedy Wildlife Photography Awards

WE ARE BACK and WE ARE OPEN FOR ENTRIES!

So go and sort out your funniest, best, most brilliant wildlife photographs and get them entered.

Have a look in our GALLERY Page to see the wonderful, amazing and hilarious winners from last year's competition.

The last two years have seen some fantastic entries, and we want to see even more animals represented than before. Go out and photograph, wherever you are ... a squirrel could win the competition... we want to raise awareness of conservation of all animals all over the world, so wherever you are, take pictures of those wilder things!

We have an amazing Print and Canvas sales section to this website so if you would like to know about that, then please go to **SHOP**.

Have fun, good luck, and keep shooting

Cheers

Paul and Tom

One of us is the Founder and an inspired wildlife photographer ([@pj_hicks](#)) and the other one is the grown up Chair of the Judges and Competition Director and takes the odd landscape snap yawn (but admittedly he has won not one but TWO awards...? Shut it Tom) ([@sullamphoto](#))
